

**REMARKS/ARGUMENTS**

Claims 1-4 and 7-21 remain pending in the application, as claim 22 has been canceled without prejudice (claims 5 and 6 were previously canceled). As claims 1-4 and 7-21 have been allowed, Applicants believe that the above claims are patentable over the prior art. Passing of this case is now believed to be in order, and a Notice of Allowance is earnestly solicited.

No amendment made was related to the statutory requirements of patentability unless expressly stated herein. No amendment made was for the purpose of narrowing the scope of any claim, unless Applicants have argued herein that such amendment was made to distinguish over a particular reference or combination of references.

In the event that the Examiner deems the present application non-allowable, it is requested that the Examiner telephone the Applicants' attorney or agent at the number indicated below so that the prosecution of the present case may be advanced by the clarification of any continuing rejection.

Although none are believed due, the Commissioner is hereby authorized to charge any requisite fees, or credit any overpayment, to Motorola, Inc., Deposit Account No. 502117.

Respectfully submitted,

Date: September 14, 2007
